General Queries

Luna Lancaster

biomaterialsconference@gmail.com

BIOMATERIALS SESSIONS

- Biomaterials Surfaces Modifications
- Tissue engineering and Regenerative medicine
- Nanomedicine and Drug delivery systems
- Dental materials
- Biopolymers
- Orthopaedic implants
- 3D bioprinting and Biofabrication
- Materials in Medical device designs
- Materials in Artificial organs designs
- Ophthalmologic applications of biomaterials
- Biomaterials in Cancer Therapeutics
- Biomaterials in Burn dressing, Surgical sutures and Skin substitutes
- Plastic and Cosmetic surgical materials
- Biomaterials in Urology
- Marine biomaterials
- Sustainable materials
- Biophotonics
- Biosensors
- Bioenergy
- Biomechanics

2ND INTERNATIONAL CONFERENCE ON

BIOMATERIALS AND NANOMATERIALS

MAY 20-21 | VIENNA

"To enhance the utilization of biomaterials and nanomaterials by essential updates and upgrades"

biomaterials.alliedacademies.com

NANOMATERIALS SESSIONS

- Nanostructure in High Entropy Alloys
- Nanomaterials for Sensors, Flexible Electronics and Nanocomposites
- Nanomaterials for Energy and Environmental Applications
- Bulk and Gradient Metallic Nanomaterials
- Nanomaterials for Biomedical Applications
- Frontiers in Nanostructure Stability: Glasses and Nanocrystalline Materials
- Carbon Nanomaterials
- Nanomechanics
- Nanomaterials for Photonics and Optoelectronics
- Magnetic Nanomaterials for Applications
- SPD Processed Nanomaterials with Multifunctional Properties
- Nanostructured Precious Metals

SCAN AND DRILL

WHY VIENNA?

"Vienna is a handsome, lively city and will please you exceedingly"
